Senior Members and Provincial Government Prescription Drug Plans

After age 65, most senior Members will have their prescription drug costs paid through their provincial government's prescription drug plan. As some provinces require registration, senior Members (prior to reaching their 65th birthday), are encouraged to contact their provincial program or speak to their health care practitioner about any registration requirements; some provinces will require annual re-application. When a new prescription medication is being prescribed, senior Members may want to ask their pharmacist if it is covered under the provincial plan. If the medication is not covered, it may be appropriate to discuss possible options or alternatively submit a Special Authorization Request Form in order to determine if the prescription medication is covered under the AFBS formulary.

For assistance, please contact AFBS at 1-800-387-8897, ext. 238.

Members Residing in Québec

For Members residing in Québec, the requirements of the Régie de L'Assurance Maladie du Québec (RAMQ) will apply.

Eligible Prescription Drugs

A wide range of drugs which can be purchased on the written prescription of a Medical Doctor, dentist or nurse practitioner within the legislated scope of their practice are covered under the AFBS prescription drug managed formulary. A managed formulary means that every new prescription drug is evaluated by clinical pharmacists and a determination made as to its inclusion within the AFBS plan.

The evaluation results in each drug being placed within the general formulary or being available only when certain criteria are met, which is called Special Authorization, or being excluded from coverage. While the prescription drugs within the AFBS formulary do change from time to time, the following highlights the number of drugs which are available under each category.

General Formulary	9,500 DRUGS
Special Authorization	450 DRUGS
Excluded	50 DRUGS

PRESCRIPTION DRUGS

AFBS Formulary

Yes.

The AFBS formulary is also referred to as a generic drug plan. This means that when there is a generic drug that is interchangeable with a brand-name drug, the amount covered by AFBS will be based on the ingredient cost of the generic alternative. Normally, pharmacists will dispense the generic drug, however, you may wish to ask your doctor or pharmacist if there is a generic alternative at the time your prescription is being written or dispensed. If you choose to purchase the more expensive brand-name drug, you will be responsible for the full cost difference between the generic drug ingredient cost and the brand-name drug ingredient cost regardless of a 'no substitutions' indication on the prescription slip. The AFBS formulary continues to cover brand-name drugs when there is no interchangeable generic available or in those occasional situations where a Member has an adverse reaction to a generic drug and medical confirmation is on file with the clinical pharmacists.

Prescription Drugs Not Covered

- HIV/AIDS and multiple sclerosis medications are coordinated through your provincial health plan and are not eligible for reimbursement under the general AFBS formulary.
- Non-prescription drugs, over-the-counter medications and prescription drugs not included on the AFBS formulary are excluded from reimbursement.
- Dispensing fees.
- Atomizers, aero chambers, vaporizers, diagnostic aids.
- Infant formula.
- Vitamins (except injectibles when not used in conjunction with weight loss).
- Dietary food/supplements, aids, minerals, or electrolyte replacements whether prescribed or not, except by law where a prescription is required for their sale.
- Rogaine and all other topical preparations of Minoxidil.
- Drugs not approved for sale by Health Canada.
- Drugs not considered to be therapeutically useful by the Canadian Medical Association or by the medical association of the Insured Person's province of residence.
- Investigational or emergency release drugs.
- All materials used for contraception, except orally administered contraceptives.
- More than the customary supply of drugs prescribed by a physician or dentist or a 34-day supply, whichever is less, except maintenance drugs where a 90-day or 100-day supply may be dispensed.

Oral surgical procedures including the removal of teeth

General anesthesia and x-rays

Crowns, inlays and onlays

Replacement of crowns, inlays and onlays

Implants

Initial provision for fixed bridgework

Replacement of fixed bridgework or additional teeth to bridgework

Initial provision of full or partially removable dentures

Repair or re-cementing of crowns, onlays, inlays, bridgework and dentures, or relining and rebasing of dentures

LIMITATIONS

Periodontal appliances are limited to once every 24 months per arch.

X-rays are limited to three per Benefit Year. General anesthetic is paid in conjunction with eligible oral surgical procedures.

Only when the function is impaired due to cuspal or incisal angle damage caused by trauma or decay.

Once every five Benefit Years.

Reimbursement may be limited to that of the generally accepted alternative and costs may not be applied across Benefit Years.

When replacement or addition is due to one of the following:

1. A natural tooth is extracted and the existing appliance cannot be made serviceable.
2. The existing appliance is at least five years old and cannot be made serviceable.
3. The existing appliance is temporary and within 12 months of its installation a permanent bridge replaces it. The total amount payable for both the temporary and permanent bridge is the amount which would have been allowed for a permanent bridge.

DENTAL CARE

Procedure and Service Classification

PERIODONTAL, ENDODONTIC AND MAJOR RESTORATIVE SERVICES

Replacement of removable dentures

Addition of teeth to an existing partial denture or fixed bridgework previously removed

Procedures involving the use of gold

Some Expenses Require Pre-Determination

LIMITATIONS

When dentures are necessary due to one of the following:

1. A natural tooth is extracted and the existing appliance cannot be made serviceable.
2. The existing appliance is at least five years old and cannot be made serviceable.
3. The existing appliance is temporary and within 12 months of its installation a permanent denture replaces it. The total amount payable for both the temporary and permanent dentures is the amount which would have been allowed for a permanent denture.

When required to replace one or more teeth.

Only when there is no alternative consistent with generally accepted dental practice.

If your dentist recommends dental work that will cost more than \$500 or includes procedures such as crowns, bridgework, veneers, implants, onlays or inlays, the proposed work must be reviewed by AFBS' dental consultant before any reimbursement can be made. When the pre-determination is done before you proceed with the actual dental treatment, you will have confirmation of the amount that will be reimbursed by AFBS. Your dentist will be familiar with the pre-determination process and must provide AFBS with specific information about the proposed work as well as X-rays, study moulds or casts.

Please advise your dentist's office that pre-determination requests MUST be sent to AFBS. Pre-determinations sent elsewhere, including ClaimSecure, may not reach AFBS and will delay claims adjudication.

Pre-determination is not necessary if treatment is the result of an emergency. If the emergency treatment is for a crown or bridge, you must submit X-rays with your claim. Pre-determination is not necessary for a crown if root canal has been performed on the tooth, however, the dentist should indicate this on the claim form.

Group Term Life Insurance and Accidental Death & Dismemberment Insurance (AD&D)

AFBS provides you with Group Term Life and Accidental Death and Dismemberment (AD&D) Insurance. This is term insurance and is only in place while you are insured through this plan. There is no paid-up or cash surrender value associated with this coverage.

Coverage Amount

Access to coverage and the amount of coverage is based on your age as indicated in the table below.

Age at renewal	Group Term Life Insurance	AD&D Insurance
Under age 65	\$10,000	\$10,000
Ages 65 to 69	\$ 5,000	\$ 5,000
Ages 70 to 75	\$ 5,000	

Beneficiary Designation

You may designate a beneficiary for your Group Term Life Insurance and AD&D Insurance. By designating a beneficiary you ensure that the distribution of your estate goes to the people you want. The Beneficiary Designation/Change Form should be completed when you elect a beneficiary or if you wish to change your beneficiary designation.

If you do not name a beneficiary, payment of any death benefits will be made to your estate.

Group Term Life Insurance Conversion to an Individual Policy

If you are under age 65 and are no longer eligible to participate or if you choose to terminate your benefits under this plan you have the option to convert your Group Term Life Insurance to an individual policy without providing evidence of medical insurability. A written request, which includes payment of premium, must be received by AFBS within 30 days of the termination of your benefits under this plan.

Group Term Life Insurance Limitations

Group Term Life Insurance will not be paid if death is a result of either of the following:

- A suicide which occurs within the first two years of this benefit being available or within the first two years of its latest reinstatement;
- A medical condition that has been diagnosed or which is under review or which a prudent person would have sought medical treatment prior to this benefit becoming available and which results in death within the first six months of this benefit being available.

Benefits for loss of use will be paid if the loss is permanent, total and irrevocable and continuous for 12 months.

If you suffer more than one loss in the same accident, AFBS will pay the largest single benefit for which you are eligible.

Accidental Death and Dismemberment Exclusions

AD&D benefits are not payable if the accidental death or loss of use results from any of the following:

- Suicide or any attempted suicide, while sane or insane;
- Intentionally self-inflicted injury, while sane or insane;
- Inhalation of gas while you are the occupant of a car or confined to a car garage;
- Injury sustained while a pilot or member of a crew of any aircraft;
- Any insurrection or war or if you are in the service of the armed forces or any country which is in a state of war (whether or not war is declared);
- Participation in a riot;
- Abuse of medication, drugs, alcohol or other toxic substances, non-compliance with prescribed medical therapy or treatment. Alcohol abuse is defined as having a blood alcohol level in excess of 80 mg per 100 ml of blood;
- Participation in professional sports, bodily contact sports, acrobatic or stunt flying, hang gliding, parachuting, skydiving, parasailing, rock climbing, mountain climbing, bungee jumping, scuba diving or motorized speed contests.

Aggregate Limit of Indemnity

The total limit of AFBS' liability for all AD&D benefits payable under this plan and in respect to injuries sustained in any one accident by all insured persons is two hundred fifty thousand dollars (\$250,000). If the total of all benefits payable as a result of any one accident exceeds the Aggregate Limit of Indemnity then the benefit applicable to each injured person will be proportionally reduced to effect a proportionate distribution of the Aggregate Limit of Indemnity.
